

Welcome!

Bowling Green Academy is set in heart of Stainland. It is a community school where children's educational and emotional needs go hand in hand.

Bowling Green Academy is part of the Great Heights Academy Trust along with The Greetland Academy and West Vale Academy and two other schools which are not in Calderdale.

# So why choose Bowling Green?

“We chose Bowling Green for our daughter because we wanted her to be nurtured, not just educated. She skips to school, every morning, and runs out of the school doors each night – excitedly telling us what she has learnt that day. Our daughter is thriving, both academically and personally, under the loving care of the staff at Bowling Green.”

# What parents say...

"All the staff and children at Bowling Green are extremely friendly and helpful. Our daughter joined this school in 2019. She loves it, loves her friends and loves all the staff at this setting. She settled in really quickly."

"I came to this school as a child & now my child comes here, the teachers are amazing & put 100% into every child they teach. \*\*\*\* adores his teachers & enjoys his school days spent with them & his friends."

"Both my daughters love coming to Bowling Green. There is a real community spirit for pupils, staff and parents where everyone is supported in a nurturing learning environment. But most importantly my children are really happy here."

"Bowling Green has been a brilliant school for my children. It has taught them all the true values which they will now continue to always practise. Kindness and friendship being a must. Both my children have exceeded academically as well as enjoying their time there. The whole school is like a big family, the teachers are always there on hand if needed and the children all mix together nicely. We will miss it so much when my little boy leaves."

"If you are looking for a small, friendly and nurturing school I would highly recommend Bowling Green. My son is extremely happy, he loves going and I know he is in safe hands and well cared for. A perfect learning environment."

"This school recognises what the 'first days' at 'Big School' are like for our children and for us, the parents. Our daughter was treated so wonderfully in the build up to her first day, the smiles of all staff, the language and positiveness with their approach and the feeling they all gave her of safety and security...To see your daughter run IN to her classroom and be the last OUT of her classroom at the end of the day confirms we have chosen a fantastic primary school for her."

"Our daughter started in September and we are so happy we choose Bowling Green for her, it's such a lovely school, every single member of staff are so welcoming, we love her class teachers - she talks about them all the time and the ladies at after school club are great too. We think the school has a real family feel to it and you can tell that the staff care about each child's individual needs. We honestly could not be happier and neither could she, she's made lots of new friends and settled in really quickly, she's learning so much and we love the seesaw app where we can see photos of what she has been doing!"

"My son and daughter both attend Bowling Green school and they absolutely Love it. They are extremely well cared for and I'm always confident and happy leaving them at school. The school goes above and beyond in every aspect of their education and welfare and any issues are always dealt with swiftly and the communication is always excellent. I'm so happy my children attend this school."

# What staff say...

"It is such a pleasure to work in a school with such polite and well-behaved children, supportive parents and staff around you."

"I have been at Bowling Green for almost 10 years now. From the moment I started it felt like being welcomed into a new family by everyone here. I am proud of the nurturing, caring environment we provide for our children, and I know our children feel safe and cared for."

"Bowling Green is a warm and caring school where everyone is valued. You couldn't ask for a better place to start your child's journey."

"Children thrive both academically and emotionally at Bowling Green. They achieve because they are happy. All the staff know all of the children and everyone nurtures and cares for each individual child and for each other. There is a real ethos of acceptance and inclusion."

"A wonderful place to teach. Pupils are delightful and so willing to learn. Staff are so hardworking and supportive of each other. The best place to teach."

# What children say...

"I like coming to Bowling Green because it is fun and all the teachers are kind."

"All the teachers are nice and make it fun."

"I love the tractor – it's the best thing ever!"

"I've made new friends and they all play nicely with me."

"I like the new play equipment. It is really good that we get new things."

"I like English and Maths – the teaching is always fun."

"It's an amazing place, even though it's a little school, it keeps all the happiness inside. The teachers keep making our work better."

"I like to come to school because I like learning new things and seeing my friends."

"What I like about the school is how you can come to anyone if you have a problem."
