

1<sup>st</sup> March 2023

## Information Evening invite

Dear Parent / Carer,

Last year you may remember that Mr Andrews and I invited families into school to share our new Bowling Green curriculum with all its well-sequenced, progressive and exciting learning opportunities for children.

We would like to invite parents/ carers into school again to share further developments across school, particularly with how we teach – and promote – **reading** in school and how you could help at home. We will also share further updates on our now **well-embedded curriculum** subjects, including year group expectations and common ‘threads’ that re-appear, for example, in our History curriculum across both key stages.

The information evening is during the final week of term – on **Tuesday 28<sup>th</sup> March** at 5:00pm.

Please could all parents/carers who are interested in attending please confirm to the school office so we can prepare the hall.

For further information about our curriculum in the meantime, please see both subject pages of our [website](#) for overviews and year group pages for more specific details of what you child(ren) will be learning during each half term.

As ever, thank you for your continued support with learning in school and we look forward to sharing more information with you during this upcoming information meeting.

Best wishes,

Principal
